DECLARATION OF CONFORMITY

Equipment:	**Model Numbers:**
Programmable Laboratory Syringe Pump	1000, 1010, 1050, 1060, 1200, 1600, 1800, 4000, 4055
Laboratory Infusion only Syringe Pump	300

We, New Era Pump Systems, Inc. affirm under our sole responsibility that the referenced products manufactured by us fulfil the requirements of the following EC directives where applicable:

- 2014/35/EU Low Voltage Equipment (LVD)
- 2014/30/EU Electromagnetic Compatibility (EMC)
- 2006/42/EC Machinery Directive (MD)
- 2015/863/EU Restriction of Hazardous Substances amending 2011/65/EU Directive (RoHS)
- 2012/19/EU Waste electrical and electronic equipment (WEEE)

Referenced standards:

- **EN 61010-1:2010/A1:2019**
  Safety requirements for electrical equipment for measurement, control, and laboratory use
- **EN 809:1998+A1:2009**
  Pumps and pump units for liquids. Common safety requirements
- **EN IEC 61326-1:2021**
  Electrical equipment for measurement, control and laboratory use - EMC requirements
- **EN IEC 63000:2018**
  Technical documentation for the assessment of electrical and electronic products with respect to the restriction of hazardous substances

Manufacturer:
NEW ERA PUMP SYSTEMS, INC.
138 Toledo St. Farmingdale, NY 11735 U.S.A

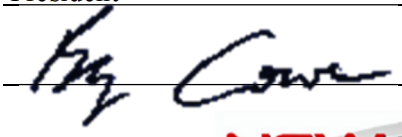

I, the undersigned, hereby declare to the best of my knowledge and ability that the equipment specified above conforms to the above Directive(s) and standards.

CONFLICT MINERALS STATEMENT

January 1, 2024

This statement is meant to serve as formal notice for distributors, resellers and end users.

The U.S. Securities and Exchange Commission (SEC) defines Conflict Minerals as natural resources mined in conflict-affected areas, most notably the Democratic Republic of Congo (DRC) and its neighboring countries, to finance armed groups, violence, and to perpetuate human rights abuses and forced labor.

Conflict minerals, often referred to as **3TG,** refer to:

- **Tin** (derived from cassiterite)
- **Tantalum** (derived from columbite-tantalite or "coltan")
- **Tungsten** (derived from wolframite)
- **Gold**

The Dodd Frank Wall Street Reform and Consumer Protection Act, passed by US Congress in July 2010, includes a provision – section 1502 which requires companies under SEC's supervision to disclose the extent to which products they produce contain any of the above noted conflict minerals.

New Era Pump Systems, Inc. is not legally required to comply with SEC's disclosure rules for conflict minerals; however, we take our role in the global supply chain seriously and are fully aware of our social and ethical responsibilities with regard to the environment, safety, health and human rights.

Therefore, New Era Pump Systems, Inc., has implemented procedures aligned with the Organization for Economic Cooperation and Development (OECD), to ensure ethical sourcing and policy compliance:

- **Avoid Conflict Sourcing:** Not knowingly acquire any materials that contain 3TG minerals – whose sale supports or finances armed conflict in the DRC and adjoining countries.
- **Maintain Supply Chain Transparency:** Implement processes to determine whether our products 3TG minerals and remain committed to the traceability of related goods and transparency in our supply chain.
- **Set Supplier Expectations:** Expect our suppliers (and their suppliers) to exercise due diligence with respect to the source and procurement of any 3TG minerals contained in components sold to New Era Pump Systems, Inc.
- **Verification:** Expect our suppliers to maintain adequate records and, upon reasonable request, provide evidence of the conflict-free origin of the minerals to ensure continued compliance and transparency throughout our supply chain.

Feel free to contact us with any questions.

Barry Cowen
